Migration to Integration: An Opportunity Agenda for Cities

Join us for the first International Cities of Migration Conference,
The Hague (Netherlands), October 3 - 4, 2010

Join Us

Cities of Migration showcases innovative integration practices from global cities using a fresh storytelling approach and a compelling message: integration is a critical dimension of urban prosperity and growth.

Be part of a dynamic two-day event that will engage international city leaders, migration experts and local practitioners in a practical dialogue and exchange of ideas on this important agenda for the future of cities.

Debates, plenaries, a market place of leading ideas and a town-hall promise to make the conference an exciting, inter-active and hands-on learning event to inspire renewed urban leadership and new thinking on migration.

About Cities of Migration

Cities of Migration is led by the Maytree Foundation in Canada, with partners in Germany (Bertelsmann Stiftung), the UK (Barrow Cadbury Trust), Spain (Fundación Bertelsmann) and New Zealand (Tindall Foundation).
